There are many reasons that I feel that way. Obviously, you were certified as a coi distinguishes you from your peers. Taking the coa exam shows your mother, your manager and colleagues who take your vocation to the river. In general, this will have incredible benefits to your career and will help you boost the advance. Secondly, certified techniques do more than tons are not certified. For many people, your salon increases along with your ability. Exact salary amounts depend on many factors, including geographical location, years of experience, and if you are in a management position, but the mother base pays according to The glass door is \$ 30,000. Which means that there is a lot of space to advance. For example, after a year of work as I have, you will be elegant to take the COTHTHALMIC Technician (COT) exam. This is an even more prestigious and exclusive title, and usually comes with another salary jump. And finally, it is an incredibly rewarding personal challenge. When I decided to take the IO exam I was over twenty. I did it because I wanted to prove to myself that I could do it. I showed myself that I am able to be more than I expected. This gave me a vital trusted impulse and, without dam, helped bring me where I am today. The so-called of measures I study for these are materials that will help you prepare for the IO exam.
